REPORT

OF THE

President and Directors

TO THE STOCKHOLDERS OF THE

CENTRAL RAIL ROAD AND BANKING COMPANY OF GEO.

SAVANNAH, Dec., 5th. 1861.

The earnings of the Road, as shown in the Superintendent's Report, for the year ending 30th ultimo, have been \$1,063,639 93

The whole sum paid into Bank from Road earnings during the year ending as above, has been \$1,056,358 41

Of that amount, the sum of \$964,996 84 is on account of the earnings for the year ending the same period, and the sum of \$91,361 57, is on account of the sum of \$101,196 34, shown in last report as due on prior account.

Thus it appears that the sum of uncollected earnings is,

on account the year just closed.....	\$ 98,643 09
And on prior account.....	9,834 97

Making.....\$108,477 86

The Government of the Confederate States owes the sum of \$42,793 28; the Government of the United States \$13,274 99, and the State of Georgia

\$3,882 84, of the above uncollected. The several amounts so due will be probably paid during the present month.

Whole amount paid into Bank from earnings of Road, as stated above.....	\$1,056,358 41
The ordinary expenses of Road have been.....	581,881 85

Leaving.	\$474,476 56
The sum received from Bank earnings has been..	\$120,657 99
Paid Bank expenses, including interest on Bonds.	18,812 96

Making net for Bank.....	101,845 03—\$101,845 03
--------------------------	-------------------------

Total net receipts Road and Bank.	\$576,321 59
A dividend of 5 per cent. was declared in June, and a like dividend on 3d inst., making.	466,680 00

Balance carried to Reserved Fund in the year.	\$109,641 59
--	--------------

The Extraordinary Expenses of Road during the year have been \$60,150 27, which amount having been deducted from the appropriation of \$120,000 for Road, leaves as a balance of that appropriation, \$59,849 73, a sum more than sufficient to complete all the work contemplated.

The operations of the Bank have, during the past six months, been more extended than usual, in consequence of aid which the Company has, with pleasure, given to the Confederate and State Governments.

In the item, "Stocks in other Companies," contained in the Cashier's Statement, there is included the sum of \$360,935 62, being the amount invested by the Company in Steam Ship Operations. We have advices of the winding up of the Companies in which the investments were made, and of the remittance to England, on our account, of sums which, with the

premium, we are likely to receive on Sterling Bills, will more than cover the aforesaid sum of \$360,935 62. The realization of this large amount of money comes at an opportune moment, and will much facilitate the operations of the Banking Department.

The Board avoids expressing an opinion as to the future profits of the Road, but takes this occasion to say that the expenses of the Company will, until the revival of business, be still more reduced. There will be a general and fair reduction of salaries of officers, beginning on the first proximo. Table Nos. 1, 2, 3, appended to the Report of the Superintendent, will show in what lines of transportation the great reduction in income, within the past six months, has occurred. The Passenger traffic has been of late, very well sustained.

It has been the policy of the Company to remove all the Cotton which was found collected in the city to the interior, and to discourage the sending of Cotton down the road. There remains very little if any of the staple in Savannah.

Respectfully submitted,

By order of the Board of Directors,

R. R. CUYLER, *President.*

Of the Condition of the CENTRAL RAIL ROAD & BANKING COMPANY, OF GEORGIA, on Tuesday December 3d 1861, after declaration of Semi-Annual Dividend.

GEO. A. CUYLER, Cashier.

Leaving actual net Earnings.\$421,607 81

Confederate States, Due for Two Locomotives.\$15,050,00

" " " " Fifteen Box Cars...8,700 00 \$ 23,750 00

The New Bridge across Ogeechee Canal is finished within the estimate in my last report.

Three iron cisterns at Stations No. 2½, 9 and Milledgeville, have been put up the past year on brick foundations, and the small engine formerly used at Macon for pumping water has been removed to Gordon, and is now in use there for same purpose. The cost of putting up cisterns and engine is included in Fuel and Water. We have three more iron cisterns paid for ready to be put up when needed.

During the past year the very convenient and commodious Station House for Passengers and Freight at Milledgeville, has been finished; also one at Eatonton, of same design and size, is in use, and nearly completed.

Station House at No. 9, of brick, same size and capacity as those above on main line, has been erected and is now in use. Wooden Station House at No. 4½ has been finished: also plastering Passenger House at Millen has been completed.

In consequence of decreasing income, the work on new Passenger House at Savannah has been progressing very slowly. The shed portion is finished (except

a part of the iron gates), and has been in use by our Trains and those of C. & S. Railroad for two months, very much to the comfort and convenience of passengers. The front building, for reception rooms and offices, is advancing slowly to completion.

A large portion of the Trestle Bridge adjoining the depot West of the Ogechee Canal, has been filled in during the past year by spare labor of Train Hands, the cost of which is included in Transportation Expenses, when it might very properly have been charged to Extraordinary.

Our Trains have run with great regularity during the past year, and the amount of income from Freight would have been much more, had not the major portion since April been for military stores transported for the Confederate States, and our own State, by agreement, at 50 per cent. less than our regular rate of charge.

The following casualties have occurred during the year: December 18th, 1860, an unknown white man, sitting on the track, 93d mile (supposed drunk), was thrown off by Day Train and seriously injured.

June 5th, Day Train injured an old negro man at 6th mile, so as to cause his death. The man was sitting on a cross tie, supposed to have been asleep.

August 10th, Wm. Ferrell, aged 12 years, killed by jumping, or falling from Train in the City of Macon.

Of Old Rails there has been re-rolled at Atlanta Mill

1,280 tons, cost, including freight.	\$40,024 54
Continuous Lipped Chairs, 6,721, cost.	3,643 62

Total Cash paid for New Rails and Chairs. \$43,668 16

We had on hand at the commencement of the year just closed 145 tons new Rails. Re-rolled within the

year, 1,280 tons, equal to 20 miles, which has all been put in the Track.

There have been received for use of Road during the year :

Cross Ties (Cypress) Central Road.....	3,811
“ “ [Pine] “ “	61,027
“ “ “ Eatonton “	12,915
<hr/>	
Total.	77,753
Feet Board measure Stringers.	2,597,462
“ “ “ Switch Stringers.	8,848
“ “ “ for Bridges and Culverts.....	483,441
“ “ “ Ribbon.....	29,651
“ “ “ for Buildings and other purposes.....	353,619
<hr/>	
Total Lumber for all purposes.....feet.	3,473,021

We have on hand of above amount 760,174 feet, and Cross Ties 9,625.

We have on hand, Rails taken up to be used in repairs, about 390 tons ; worn out, to be re-rolled, say 475 tons.

I have kept three Trains on the Road, with each about 20 hands, during the entire past year, hauling earth on the embankments, ditching and improving the Road bed, and I have no hesitation in reporting the Road in good order in every respect.

During nearly the entire year, both our Car and Machine Shops have been busily engaged on work for the Confederate States, and, as a consequence have done but little in building new Engines or Cars,

The 2 Passenger Cars partially finished at date of last Report have been completed at a cost of \$3,000 and are now in use. We have also built 1 Baggage and Package Car.

There have been broken up during the year: 1 Box Car by collision, and 1 worn out; also, 1 Package and 6 Platforms wornout.

We sold on the 8th of October to the Confederate States for use on the Virginia Roads, 15 Box Cars for the sum of \$8,700.

From the above causes the number of cars on the Road is now 21 less than at date of last Report, but still, with our diminished business sufficient for all demands.

Our Cars are in fair order.

During the year there has been expended on the 3 new Engines on the stocks at date of my last Report \$6,970.74, charged to maintenance of motive power. The Andrew Low one of the three can be finished when needed in one month.

On the 8th of October last I sold to the Confederate Government for use in Virginia the Locomotives New York and New Jersey for the sum of \$15,050 ; also, the Marietta to the Mobile and Great Northern Rail Road, September 16th, (as before stated) for \$8,000.

Thus reducing the number of our Engines to 3 less than at date of last Report. Still leaving us motive power entirely sufficient to do our business promptly and efficiently. I report our Engines in good running order.

We have on hand Materials, Provisions, &c., for Repairs of Road, worth.....			\$14,500	
Bricks burned and unburned 383,000.....	2,133	16,633		
Mr. Charles C. Millar, Master Carpenter reports Materials on hand in his Department of the value of		45,414		
Mr. William Burns, Master Machinist reports in his Department, Materials on hand of the value of.		13,327		
Total value Materials on hand.....			\$75,374	

I am happy in being able to state that not one cent of indebtedness appears on our books as due to any one, for the past years business.

I take pleasure in bearing willing testimony to the faithfulness with which the officers and men in this service have performed their duties during the past year.

Respectfully submitted,

GEORGE W ADAMS,

General Superintendent.
